Dear Friends of BIO:

God's act of giving His only begotten Son to the world is an unparalleled event. The Scriptures tell us, "Thanks be unto God for his unspeakable gift." (II Corinthians 9:15). Because human words and phrases are inadequate to describe it we must measure it by other things God has to say. For example, God calls His Son The Prince of Peace. God is showing His intentions toward our rebellious race; He is calling us to make peace with Him through the Lord Jesus Christ. He reaffirms it by saying, "God sent not his Son into the world to condemn the world; but that the world through him might be saved." John 3:17. Oh, let us stand in amazement at how good and gracious God is in His dealings with mankind!

The application to New Testament missions can be found in the fact that multitudes of people around the world live under the dominion of false religions. For many of them the gods which they worship are vindictive monsters. Billions of people have no concept of how the true God, their Benevolent Creator, loves them and is calling them to be at peace with Him. Thank you for supporting our missionaries as they labor to tell the Good News of God's redemption. Remember to pray for them as many of them spend this Christmas away from their family.

Merry Christmas to you all, may the greatness of God's goodness fill your heart and your home during this season and in the New Year ahead!

Glory to God in the highest,
