

Manufacturing Plant Operator

MSM Milling is one of Australia's most modern integrated oilseed crushing, refining & packing facility based in Manildra NSW, within a short drive to the cities of Orange and Parkes.

Our processing operation transforms canola seed purchased directly from farmers into value added oil and meal products, which are sold to major food manufacturers, distributors, stock feeders and end users both in Australia & internationally.

MSM Milling has been in operation since 1991 and remains a privately owned Australian company grown on family values. Our joint venture partner The Manildra Group is recognised worldwide as a leader in the adoption of new technologies and market opportunities.

MSM Milling is currently seeking a **Plant Operator** to join our Manildra based team.

Your main responsibilities will include:

- Operate equipment associated with seed crushing and oil refining, including but not limited to expeller presses, pumps, heating systems, vacuum systems, centrifuge, control valves etc
- Perform troubleshooting and repairs on mechanical equipment, pipe fittings, minor line leaks, pumps and valves
- Operate plant via SCADA software system
- Monitor the operation of plant equipment and systems to minimise downtime, solve problems and identify opportunities for improvement
- Gather and report refinery process parameters through regular checking of instruments and on-site laboratory testing
- Adhere to and enforce all applicable company safety, health and environmental policies and procedures

To be considered for these role you will:

- Have good oral and written communication skills combined with the ability to understand and perform mathematical calculations
- Have a willingness to learn computer based systems
- Have eagerness to learn the plant technically
- Hold a drivers licence with access to reliable transportation
- Have excellent time management skills
- Have the ability to work under pressure to meet production requirements
- Be flexible to meet the demands of a growing international business.

As a person you will:

- Have a keen eye for detail
- Be a self-starter with natural problem solving skills
- Be analytical with a curiosity to continue learning
- Be a team player who can communicate effectively with all departments & levels of the organization
- Be willing to train and work in MSM Millings Feed Mill
- Be prepared to work shift work including nights and weekends.

Applications close 17th May 2019
