

Welcome to the Quentin Road Christian Preschool

Welcome to the Quentin Road Christian Preschool! We would like to share some helpful tips:

- Please bring a backpack with a complete change of clothes each day that your child attends school. Put your child's name on the backpack. Spills do happen! If your child is not potty trained, please send enough pull-ups for each day. There is an extra charge of \$15 per week for kids who aren't potty trained.
- Please apply sunscreen to your child before dropping them off at school. If needed, we will reapply it in the afternoon. You do not need to send sunscreen to school. We will provide it.
- Payments are due the 1st day of each week that your child attends school. There is a tuition box in the lobby for your convenience, and your current balance will appear on the computer as you sign your child in each day. Payments can be made with cash or check. Credit/debit payments can also be made at school or online, but do have a 2-3% convenience fee added.
- Birthdays are a special part of the school year. You are welcome to bring in treats if you would like. We do have students with severe food allergies. Please help us keep the children safe by not sending any nut products to school.
- Check your emails and texts – this is how we will communicate any pertinent school information to you.
- We require a two week written notice for any schedule changes. You can submit these changes online at www.qrcp.org/schedule-change-form
- We can only administer medication if we have a medicine authorization form filled out by your doctor. These forms are available in the school lobby and on our website.
- Make sure your child has breakfast – a hungry child is not able to focus! (Please let us know if your child has any food allergies). We do provide breakfast before 8am, lunch and two snacks for kids enrolled in the full day program. Lunch and one snack are provided for the half day program, and one snack is provided for the 2.5 hour preschool program.
- Don't send your child to school if they aren't feeling well. Please notify us by filling out the school absence form at www.qrcp.org/absence-form.html. They should not have a fever, vomiting or diarrhea for 24 hours before they return to school.

- It is normal to be nervous as you send your little one off to school, but remember that you are giving them a gift by teaching them independence. Starting school is one of the most exciting times, but drop-off can be hectic and sometimes teary. It may not help your child for you to say things like, “I’ll miss you” and might even make them feel more anxious if you prolong your goodbye. Stay positive and let them know that you are going to do some “mommy/daddy” work while they stay here and play, and that you will be back later. You can also watch them from the monitors in the preschool office, and we will call you if we need you. Your child is in loving, caring hands!
- Remember that preschool is all about learning through play. Many times parents focus on teaching their children to read and write, but doing puzzles, learning shapes, painting and playing in groups, are all very important (and oftentimes overlooked) steps on the ladder to reading and writing, and eventually, success in elementary school. We don’t expect a baby to walk before he learns to crawl, so we shouldn’t push our kids before their ears, eyes, minds and fine motor skills are ready!
- Please do not leave your cars running unattended in the parking lot. Also, please observe the posted speed limit in the lot and driveway.

Thank you for your cooperation. We are looking forward to an awesome school year!
