

Dear Partner,

Greetiings in Jesus' name! We are keeping well and thankful for the Lord's faithfulness this far. Thank you so much for your friendship and support.

Political Situation

We are grateful for the peace in the country. The Opposition Leader agreed to work with the Government and this has really brought a lot of calm and peace in the country. Politics determines a lot in this country. Let us keep 1 Tim. 2:2 in mind that commands us to pray for our Leaders in order to enjoy a peaceful life.

We had a successful camp in Rangwe in a Children's home near Lake Victoria. There are many orphaned children here as a result of HIV. And again, many abandoned children from drunkenness of their parents. This is the sixth camp here and we can only look back and see God's faithfulness so far. The number of the campers is growing, from 60 to start with to now 150. The local Church has made it their duty to invite us and this sign of trust is very encouraging. Already we are expected next Apil to run another camp. We are also humbled for the salvation and dedication decisions made. Pray that these young ones

may grow in the faith in their new decision to follow Jesus Christ. The young man sharing word in this picture is Steve Kamau, one of our Counselors. Steve is attending Bible school here in Kenya and we are humbled by what our God can do with a life given to Him.

Ministry

Beginning the month of September up until November is a crucial time in our education system. The final exams for the year begin in November so this time is very busy with preparations in the schools. Normally ministry in schools is challenged during this time. The Government even called for all visits, even of parents to cease during this time. As a result we slowed down with ministry in schools to stay safe with the Government.

We are also thankful for the opportunities we have to do outreach in Mundeku which is 400km away. There are very many poor people in this area. We had a privilege of visiting with some families and were able to encourage them with the word and also a few gifts like a solar light, soap and Vaseline. It was such a joy to see their joy at the visit. We pray they are encouraged to trust in Jesus and look to Him at all times.

Picture shows Ben and Flo one of the families – on the right.

With time a number of the Counsellors we have been doing outreach with have gotten married. It was a joy to begin a Couples Fellowship with this group and of course incorporate others. We have had one meeting so far and it was very good.

Ben did us proud at the Annual school playing the saxophone and also won First Place for this. Tim had secured a place in a good suddenly due to a low number in the students the drawing board and are so encouraged he has He will begin in January 2019. *Here is Ben with his*

Praise:

convention when he won several prizes for in the woodwork. We are really thankful College here but this course was dropped who had registered. So we went back to admission from another good University. *parents and some Word of Life staff.*

For the work done in Rangwe, annually now. Glory be to God!

- For Ben's success at the convention...he worked hard!
- Timothy's future plans for University!

Prayer Items:

For the upcoming December camps.
For sufficient funds for Timothy's education.
